

Margarita López Ramos

Date of birth: 10/12/2002 | **Place of birth:** Spain | **Nationality:** Spanish | **Gender:** Female | **Phone:** (+34) 608489853 (Mobile) | **Email address:** margacrispe@gmail.com | **Address:** Calle Federico Moreno Torroba, 11, 28007, Madrid, Spain (Home)

● WORK EXPERIENCE

01/06/2026 - CURRENT - SPAIN

FOUNDER & LEAD DEVELOPER ENTERTAINMENT NETWORKING PLATFORM (MVP IN DEVELOPMENT)

- End-to-end conceptualization and active development of a B2B/B2C networking platform tailored for the entertainment industry.
- Defined business model, designed UX/UI workflows, and built the core technical architecture for upcoming launch.
- Conducted market validation with industry professionals to align feature development with real user needs.

01/10/2025 - 01/06/2026 - MADRID, SPAIN

AUTOMATION ENGINEER AIRBUS

- Workflow Automation: Spearheaded the design and deployment of custom software tools and scripts, eliminating manual tasks and streamlining operational workflows.
- Process Optimization: Engineered execution and delivery strategies that significantly minimized project lifecycles and accelerated time-to-market.
- Cross-Functional Collaboration: Partnered with multidisciplinary teams to proactively identify, diagnose, and resolve critical technical bottlenecks.

01/10/2024 - 01/03/2025 - MADRID, SPAIN

BUSINESS ANALYST NTT DATA

Trainee.

- Analysis of business data and data-driven decision making
- Support in cross-functional digital transformation projects

● EDUCATION & TRAINING

01/09/2020 - 01/06/2025 - MADRID, SPAIN

BACHELOR OF ENGINEERING IN TELECOMMUNICATION TECHNOLOGIES AND SERVICES ENGINEERING (BETTS)- UNIVERSIDAD POLITÉCNICA DE MADRID (UPM)

Specialization: Audiovisual Systems

- Occupational techniques & major: Signal processing (MATLAB), TV engineering, acoustics, and A/V post-production (Reaper, DaVinci Resolve).
- Network technology & science (Telematics): Networks, cybersecurity, traffic analysis (Wireshark), Linux, and MySQL.
- Telecom systems & electronics: Communication theory, circuit design (VHDL), and 3D modeling (SketchUp).
- Software development & languages: C, Java, and web fundamentals (HTML, CSS, JavaScript).
- Business and context knowledge: Business organization, regulations, and project feasibility.
- Bachelor's Thesis: Piano note identification system in MATLAB using audio processing and spectral analysis. Qualification: 9.5

Level in EQF: 6

MBA & BUSINESS INTELLIGENCE AND BIG DATA- INSTITUTO EUROPEO DE POSGRADO

- Business administration, strategic management and corporate finance
- Data analytics, predictive modeling and big data architectures
- Data visualization, dashboard design and business intelligence tools
- Data-driven decision making and technological project management

Level in EQF: 7

CERTIFICATION IN MUSIC PRODUCTION AND MUSIC TECHNOLOGY- MICROFUSA ESCUELA DE TECNOLOGÍA MUSICAL

Music production, sound engineering and audiovisual technologies

● **SKILLS**

telecommunications engineering | manage logistics | multimedia systems | signal processing | audio technology | audio editing software | acoustics | audiovisual equipment | Digital audio workstations | Postproduction editing | operate audio-signal processors | WEB: Web Designer, Web Developer | Artificial Intelligence and Machine learning | process data | perform business analysis | Database MySQL | network engineering | building automation | use technical drawing software | Microsoft Office | Microsoft Excel | MATLAB | CAD software | solve problems | teamwork principles | organise information, objects and resources | Wireshark

● **LANGUAGE SKILLS**

Mother tongue(s): **SPANISH**

	UNDERSTANDING		SPEAKING		WRITING
	Listening	Reading	Spoken production	Spoken interaction	
ENGLISH	C1	C1	C1	C1	C1
ITALIAN	A2	A2	A1	A1	A1

● **DRIVING LICENCE**

Driving licence: B

● **PROJECTS**

01/04/2020 - CURRENT

Yassdolls (E-commerce & Custom Art) I ran the entire business backbone, from administrative setup and compliance to global shipping, logistics, and supplier management.
